World Broadcasting Unions - Technical Committee¹

SUPPORT FOR NABA ON THE IMPORTANCE OF RADIO AND TELEVISION BROADCASTING FOR EMERGENCY COMMUNICATIONS TO THE PUBLIC (COPY TO WP 6A FOR INFORMATION)

As the technical arm of the World Broadcasting Unions, the Technical Committee (WBU-TC) is responsible for technical broadcasting issues of importance to the members of the World Broadcasting Unions. The work of the WBU-TC focuses on issues and areas to which all Unions are welcome to contribute to, and which materially affect broadcasting in all regions of the world.

The WBU-TC has been following, with great interest, the discussions in ITU-R Study Group 6 and Working Party 6C concerning the “Importance of Radio and Television Broadcasting for Emergency Communications to the Public.”

The WBU-TC fully supports this and agrees with the NABA submissions (Documents [6/106](#) and [6A/201](#)).

- Asia-Pacific Broadcasting Union (ABU)
- Arab States Broadcasting Union (ASBU)

- Caribbean Broadcasting Union (CBU)
- European Broadcasting Union (EBU)
- International Association of Broadcasting (IAB)
