## **World Broadcasting Unions - Technical Committee<sup>1</sup>**

### **SUPPORT FOR NABA ON THE IMPORTANCE OF RADIO AND TELEVISION BROADCASTING FOR EMERGENCY COMMUNICATIONS TO THE PUBLIC (COPY TO WP 6A FOR INFORMATION)**

As the technical arm of the World Broadcasting Unions, the Technical Committee (WBU-TC) is responsible for technical broadcasting issues of importance to the members of the World Broadcasting Unions. The work of the WBU-TC focuses on issues and areas to which all Unions are welcome to contribute to, and which materially affect broadcasting in all regions of the world.

The WBU-TC has been following, with great interest, the discussions in ITU-R Study Group 6 and Working Party 6C concerning the “Importance of Radio and Television Broadcasting for Emergency Communications to the Public.”

The WBU-TC fully supports this and agrees with the NABA submissions (Documents [6/106](#) and [6A/201](#)).
